Clinical Shift Lead

The CSL is a dynamic role with emphasis on prioritisation, risk assessment and time and resource management skills

The CSL is key to the safe running of the out of hours service

AIMS OF THE CLINICAL SHIFT LEAD ROLE:

1. Manage the safety of the telephone triage pool
2. Utilise all OOH services and clinicians effectively
3. Clinical advice for other clinicians on shift

Recently expanded role – now every weekday evening as well as weekends
*** RECRUITING ***

Not telephone triage
Experienced clinicians
Higher rates of pay

Thank you
